

High-Pressure Grease Hoses & Grease Nozzles

Flexible-type high-pressure hoses and nozzles for OILKEY grease guns.

Code	Product	Length (mm)	Specification	C/S
1201	Hybrid Hose HB-No. 3	350	Chuck type, coupler, base	10

Code	Product	Length (mm)	Specification	C/S
1203	Jet Hose No. 3	350	Chuck type, coupler	10
1209	Jet Hose No. 3	430	Chuck type, coupler	10

Code	Product	Length (mm)	Specification	C/S
1205	Jet Nozzle No. 4	180	Chuck type, coupler, base	10
1207	Jet Nozzle No. 4	430	Chuck type, coupler, base	10
1245	Jet Nozzle No. 4	300	Chuck type, coupler, base	10

Code	Product	Length (mm)	Specification	C/S
1208	Jet Nozzle No. 5	120	Crimped type, clear bush, base	10
1210	Jet Nozzle No. 5	250	Crimped type, clear bush, base	10
1212	Jet Nozzle No. 5	450	Crimped type, clear bush, base	10

C/S: pieces per case.

Features

Coupler — four claws grip the whole circumference of the nipple with even force, so chucking is positive and grease does not leak; the coupler is also gentle on the nipple. Its slim, ISO-compliant design makes it easy to grease nipples in confined spaces.

Clear bush — the clear bush set inside the nozzle tip is made of a durable, wear-resistant material that withstands being pressed repeatedly and firmly against the nipple.
